

Title I Parent Involvement Policy 2020-21 Gilbert Park Elementary School

The staff at Gilbert Park believes that parent involvement is important to achieve growth for students. Our goal is to create a strong parent/school partnership where the staff regularly communicates with parents, and parents feel comfortable enough to ask questions regarding their child's education.

Parents and caregivers are encouraged to make suggestions and recommendations about the schoolwide Title I program during meetings or parent events.

There are many ways that parents and caregivers can support our school and be supported by our school community. We have an amazing staff and we are always in need for more help.

Here are some ideas for you to consider this school year...

- Spend time supporting your child with assignments online.
- Read the weekly Gilbert Park Weekly Newsletter
- Check the Gilbert Park Website for updates and events
- Attending family involvement events and activities:
 - Back to School Virtual Event - Meet the Teacher Night
 - Site Council Meetings
 - PTA Meetings
 - Annual Title I Parent Meeting
 - Parent/Teacher Conferences
 - Participate in parent surveys, providing your input and voice
 - Access resources and community connections provided through SUN
 - Attend virtual school board meetings

More to come as the year progresses.

If you have other ideas or just want some suggestions about how to get involved, please contact your child's classroom teacher, the Learning Club teacher, or the principal. We would be happy to work with you!

Sincerely,

Cheryl Hull
Gilbert Park Title I Coordinator (Learning Club teacher)
